

**The Nurses' Memorial Foundation of South Australia Limited**

18 DEQUETTEVILLE TERRACE, KENT TOWN, 5067

**DR ROGER WURM SCHOLARSHIP**

Dr Roger Sinclair Wurm was an eminent Adelaide Gynaecologist and Obstetrician who died suddenly in his Adelaide home on 28<sup>th</sup> February 1987, aged 63 years. During his life he tirelessly promoted the education and welfare of nurses. His early death was mourned by both Medical and Nursing communities.

Dr. Wurm was the President of the Royal British Nurses Association (SA Branch) in an involvement of over 20 years. RBNA was founded on the 14<sup>th</sup> August 1900 and incorporated on the 10<sup>th</sup> February 1950. Dr. Wurm was the first President of the Nurses Memorial Centre of SA Incorporated (NMC) when the RBNA Inc. changed its name to the NMC on 3<sup>rd</sup> June 1973. He was also its first Patron.

Between 1967 and 1976 a Ways and Means Committee of members of the RBNA, the Florence Nightingale Committee, the Returned Sisters sub-branch of the R.S.L., the College of Nursing Australia and the Royal Australian Nursing Federation (SA Branch) representing all training hospitals, undertook various fund raising enterprises so that nurses could build their centre on land which they had acquired at 18 Dequetteville Terrace, Kent Town.

This was a time when women were not recognised as competent business people and Dr. Wurm filled the breach by working tirelessly negotiating for the Nurses with Governments and financial institutions procuring more land for car parks and loans to complete building. His negotiation skills were put to the test many times in those first years.

The Foundation Stone for the Centre building was laid on 19<sup>th</sup> December 1973 by two former Matrons of the Royal Adelaide Hospital, Miss R.Z. Huppertz MBE FNM FCNA and Miss K.S. Scrymgour OBE FCNA. Miss Huppertz had also been a Consul with the RBNA. The building was opened by the Premier of South Australia, the Hon. Donald Dunston on 16<sup>th</sup> September 1974.

In 1987 the association changed its name to Nurse Memorial Foundation of SA Incorporated to encapsulate its role in providing educational and welfare support to nurses. At its meeting on 5<sup>th</sup> May 1987 the Management Committee decided to establish a scholarship in memory of Dr. Wurm. The following is extracted from the document establishing the Scholarship –

*“That a scholarship be set up to be known as the Dr. Roger Wurm Scholarship. That the recipient be a direct carer at the bedside. That such a scholarship be determined in a manner that directly relates to improving standards of nursing care at the bedside.*

*The object of the fund is to provide assistance to trained nurses interested in the delivery of hands on care practices with a view to improving the standard of nursing care at the bedside”.*

Scholarships have been offered annually since 1988 to trained (registered and enrolled) nurses. Scholarships are now available to registered midwives and to student nurses in all 3 arms of nursing, i.e. students studying to become registered nurses, registered midwives or enrolled nurses. Travelling allowances, accommodation costs, fees for conferences are granted. The plight of students living in rural areas is of grace concern to the Foundation.

Two rounds of Scholarships are offered annually. Applications for the first round open 1<sup>st</sup> March and close 30<sup>th</sup> April. The second round opens 1<sup>st</sup> September and closes 31<sup>st</sup> October. Late applications are not accepted. Applications are assessed objectively. Applicants are advised the outcome of the assessment by 30<sup>th</sup> June and 31<sup>st</sup> December respectively. Appeals are not granted.

When applying for a Scholarship please ensure that you complete all parts of the form.
